Massachusetts, come on down! Be a part of television history as Boston's own Kaiju Big Battel films their acclaimed live show for a TV pilot. Don't miss your chance to join Dr. Cube and the rest of the Kaiju combatants at Avalon Boston when G4 TV captures the night's live performance for television screens across America.

To help celebrate Kaiju's media milestone, very special musical guest Peeland-Z will kick off the night with their acclaimed "Japanese action comic punk" rock show.

According to the Kaiju Commissioner, it's no accident that *Kaiju Big Battel: The TV Pilot* is filming in Boston. "We are very excited about the prospects of a Kaiju TV series, and its only fitting that we film the pilot in Kaiju's hometown. Boston has been very generous in their support of Kaiju over the years and we wouldn't want to hold this Big Battel anywhere else."

This multi-media event will be a full-scale Kaiju Big Battel performance, complete with 42 blocks of crushable cityscape, a massive Midtown Tower, a gigantic Mocky Tomb of Doom, and a veritable who's who of Kaiju Big Battel stars, including Dr. Cube, Kung-Fu Chicken Noodle, Pedro Plantain, Hell Monkey, Unibouzu, Call-Me-Kevin, and a host of others.

Experience the live monster wrestling spectacle and see if Kung-Fu Chicken Noodle can defend his Kaiju Championship Title against an army of time-traveling Space Bugs and Dr. Cube's evil Posse. This is Kaiju Big Battel history in the making, so don't miss this rare chance to be part of Kaiju's leap to television.

About Kaiju Big Battel

Kaiju Big Battel is a modern conflict of epic proportions. Planet Earth is under threat: scattered throughout the galaxy is a monstrous mob of maniacal villains, menacing alien beasts, and giant, city-crushing monsters that are waging war against one another. Presiding over this mayhem is the Kaiju Commissioner, an enigmatic human-arbiter appointed by a clandestine cadre of world leaders to regulate Kaiju rage. If the Kaiju Commissioner doesn't do his job perfectly the entire world could get caught in the crossfire.

Currently, the Kaiju Universe maintains an active roster of approximately 50 monsters, including a factory-worker-turned-soup-can called Kung-Fu Chicken Noodle, a dirty hare-sage dubbed Dusto Bunny, a loser sea beast known as Call-Me-Kevin, and a despicable, square-headed mad scientist known as Dr. Cube. In addition to the Kaiju Commissioner, a few privileged humans also get a piece of the action, including Referee Jingi, a mustachioed official who enforces fairness and civility in the ring, Davio Salbino, an urban renewal expert who reconstructs crumbled cityscapes between Battels, and one tuxedo-wearing, mouth-running MC, Loudon Noxious.

About Studio Kaiju

Studio Kaiju, an independent Boston-based performance and media group, is the creator of Kaiju Big Battel, the world's only live monster mayhem spectacle. Producer of consistently sold-out events, Studio Kaiju is best known for its live tournament-style performances, which are a character driven, tongue-in-cheek hybrid of American pro-wrestling, Japanese monster-movies, and lowbrow pop-culture. These multi-media events, complete with video installations, monster-movie props, and crushable miniature cityscape, can also be enjoyed from a safe distance thanks to "Kaiju Big Battel: A Practical Guide to Giant City-Crushing Monsters" from Hyperion Books and the Kaiju Big Battel DVD series from Koch Vision.

To fund its live event series, monster creations and metropolitan destruction, Studio Kaiju produces and distributes its own line of merchandise including T-shirts, "real" monster meat, magnets and a whole catalogue of other cool but useless, limited-edition designer collectibles. The world of Kaiju Big Battel is also supported by the fun-fun website, **kaiju.com**, which hosts Big Battel news, monster profiles, live event videos, arcade-style games, comics, and the most commercial online mall ever.
